WELCOME!

Hello and welcome!

You are holding the ISWI 2017 programme booklet – a guide to 10 days full of lectures, discussions, workshops, and cultural events. This year's ISWI is dedicated to a topic that is becoming more and more important with the world's increasing interconnectedness. We hope you will enjoy the programme that we have planned for you around the conference motto "Global Justice – A Fair(y) Tale?". You will have plenty of chances to meet people from all around the world, make new friends, discuss, and develop new ideas.

We wish you a great week!

Your ISWI 2017 Organising Committee

PATRON OF ISWI 2017

Kumi Naidoo

Kumi was born in Durban, South Africa, in 1965. His journey of social change began as a teenager in South Africa as he battled the repressive apartheid regime. Living in exile in England, he earned a doctorate in political sociology at Oxford University. After Nelson Mandela's release from prison, Kumi returned to South Africa and served as the spokesperson of the Independent Electoral Commission, as well as training the staff, during South Africa's first ever free elections in 1994. Since then, he has supported, inspired and organised various social and environmental initiatives and campaigns. His work is best described as a courageous effort to combat social injustice and environmental destruction.

PATRON OF ISWI 2017

Greetings

"[...] It gives me great pleasure to extend my support to the conference and its organisers, the ISWI e.V. The concept of the student week for bringing together youth from across the world to engage in dialogue and exchange culture and ideas, is to me a precious initiative with far-reaching impact on the world. I believe ISWI 2017 is a sincere attempt to find answers to some of the vexed questions we face in this day and age, in an open environment conducive to discussion and learning.

Global justice is the creation of social, economic, environmental frameworks and practices that ensures that all of humanity is able to share our fragile planet in an equitable, fair and sustainable manner. [...]

Our age of connectedness is characterised by vast imbalances and wide-spread injustice.

The challenges humanity faces as a whole must be dealt with together, shunning the boundaries we have placed for ourselves."

RECTOR OF TU ILMENAU

Greetings

"There is hardly any other conference at this university to which I more enjoy welcoming guests than the ISWI. Not only because this is the biggest conference of its kind throughout Germany; it is about quality rather than quantity. For ten days, ISWI turns the Technische Universität Ilmenau into a peaceful microcosm crossing national borders. People from 70 different nations across all continents will gather in Ilmenau to discuss the question "Global Justice – A Fair(y) Tale?" in a peaceful atmosphere and to celebrate together.

[...]

With a smile I would like to welcome you to our university and wish you a wonderful time in Ilmenau."

- Professor Peter Scharff, Rector of TU Ilmenau

The death squadrons and gangsters who carried out these sentences have gotten away scot-free, even enjoying recognition as heroes, to this day. In the documentary "The Act of Killing", Joshua Oppenheimer brings these killers to reenact their acts of killing in the form of film scenes.

DISCUSSION

Lest We Forget

 Audimax

9.30pm - 10.30pm

Human rights abuses have taken place in many parts of the world, leaving behind traumatised people and societies, where past injustices lead to new conflicts. The way out of the spiral of ignorance, denial, and violence is long and difficult for its survivors and the society, as is overcoming traumas. But to uphold justice we must revisit our past and deal with it.

The following panelists will present their views and discuss on different aspects of the topic:

Mira Roehyadi-Reetz

Institute for Media and Communication, TU Ilmenau

Rüdiger Bender

Chair of the Society for the Promotion of the 'Topf & Söhne' (Auschwitz furnace manufacturers) Place of Remembrance

IMPORTANT INFORMATION

Meals

Breakfast

You will receive breakfast from your hosts. They will take care of preparing it but don't expect any wonders or room service ;) Also, your hosts would probably appreciate if you could clean up after yourself as much as possible.

Lunch

In general, you will receive packed lunches - either during group work (Mon, Tue, Thu, Fri) or during other thematic or cultural events (Sat: Fair Play, Sun: in between the keynotes, Wed: Open Space). Please bring your own cup (you could try asking your host for one). On the last Saturday you will receive a packed lunch before leaving Ilmenau for the Excursion Day.

Dinner

Warm dinner will be served every evening during the conference. The exact times vary due to the various cultural events and can be checked on the schedule on pages 26-27.

Most of the time you will have your dinner at the Mensa. Please have a smile ready for the Mensa staff - they are working a lot of extra hours to cook for and serve you. **Please do not leave your dishes on the table.** There is a conveyor belt to put them on.

IMPORTANT INFORMATION

Groupleaders, Info Point

Groupleaders

Two or more local students will guide you through your group discussions and attempt to provide you with everything necessary for a fruitful discussion. They will also listen out for any problems that might occur, so please don't hesitate to ask them.

Getting Information

In the confusion that accompanies an international student gathering with almost 400 participants it can be easy to lose track of what is going on. If you want to get information on something, the first people you can ask are your Groupleaders. They will be kept up to date with all of the information that is relevant for the participants. You can also come to the Info Point in Mensa, open for 24/7 throughout the whole conference.

What to do if you find or lose something

If you lose any of your belongings, please contact the Info Point. There will be a lost-and-found box as well as a list of missing items.

If you find something that you think someone might have lost, please bring it to the Info Point so it can be given back to its owner.

IMPORTANT INFORMATION

Transport, Illness

Public Transport

Ilmenau has 3 bus lines - A,B and C. Each trip costs 1,20€ and can be paid to the bus driver. Buses go quite slowly and usually not on the most direct routes. Alternatively, you may take the train if you live on „Pörlitzer Höhe“, which costs 1,50€. For this reason, walking tends to be the most popular means of transport in Ilmenau.

What to do if you fall ill?

In any case, please let us know by contacting your Group leaders or the Info Point! The Info Point has information on the physicians in Ilmenau. Moreover, someone from the Info Point can accompany you to the doctor for translation and explanation purposes. Your stay in Ilmenau is covered by our health insurance, but please note that our insurance is only valid in (acute) emergency cases and only for the minimal required amount of medical health care.

In case you have to consult a doctor and you do not have someone from the ISWI team with you, please show the German text on the right side (p. 49) to the doctor and show them the our contact information (Info Point: +49 3677/69-3333).
